- Dutch (Fluent)
- English (Fluent)

PROFILE

I am 18 years old and currently studying Game Development at Media Collage Amsterdam.
i mostly work with Unity C#, but i also made a couple projects with: C++, Html and Love2D Lua. I mostly like to work on the core systems of games more then the front art end. I still know how to make a bit of art with Aseprite (2D) and Blender (3D)

CORE PROJECTS

Glacial Railways

Factory Management Game

- Made A* for train track building
- Made complex pathfinding for trains on tracks
- Made routemanager to manage all the trains and routes

Fluid Simulation

Physics simulation

- Collision Between objects
- Simulation grid for neighbor checks
- First Lua Project
